

Thank you for registering your child to try out with SW Sting FC in September. Here are a few things to help you:

To participate in a SW Sting FC tryout **all players must be registered in the EMSA Soccer Portal** for the season via your Household Account. If you don't have an account, it's easy to set one up. Once that's done, you can register your child for the 2017/18 indoor season. **If you need help using the EMSA Soccer Portal, please let us know & we'll help you out.**

**\*\* Please note:** For EMSA South West zone residents who want to secure a community team spot until the tryout results are known, payment & supporting documents must reach SWEMSA by Saturday, September 9th at 2:00 PM. ***If you have selected Premier/Club only on the registration form, full payment is not due until after tryouts.***

**\*\* If you don't live in the EMSA South West zone, please register under the zone & community where you live and request a transfer to South West Sting. Please follow your zone registration payment deadlines.**
